NUMBER TALKS INSTITUTE| JUNE 27-28, 9AM-4PM IN PORTLAND | Whether you have tried number talks with your students before or are new to this classroom activity, this institute will help you learn how to make Number Talks an essential component of your everyday teaching. Contact Regine Childs for more info: rchilds@lesd.k12.or.us

July

REACH HIGHER OREGON SUMMIT | JULY 19-20, 9AM-5 PM @ WESTERN OREGON UNIVERSITY | Reach Higher is a two-day Summit designed as a professional learning opportunity for education professionals who support students in their transition from high school to post-secondary education and/or career training. Contact Erin Maloney for more info: emaloney@lesd.k12.or.us

ACTE - OREGON SUMMER PROFESSIONAL DEVELOPMENT | JULY 29TH, AND 30-31, 8AM-5 PM IN PORTLAND | Career and Technical Education throughout Oregon has received significant attention over the past few years. The time is right for our community to come together to celebrate, explore and learn about the exciting things happening across our state and how we can collaborate to ensure more learners benefit from the work we do. (Pre-conference on July 29th for counselors and other career-advising professionals) Visit: acteonline.org/portland for more information.

August

LANE COUNTY SUPERQUEST | AUGUST 1-3 @ LANE ESD | The Oregon Computer Science Teachers Association (OCSTA) in partnership with the Lane Education Service District (LESD) will host Lane County's SuperQuest August 1-3, 2018 at the LESD in Eugene. This is a series of free technology and computer science workshops for K-12 educators and volunteers. Website: <http://oregoncsta.org/> Contact: Susan Patterson, sboyanovsky@wvi.com/503-900-9020

OREGON MATH LEADERS (OML) CONFERENCE | AUGUST 3-4 @ LINFIELD COLLEGE Every summer math teachers from across the state meet for a couple of days to share their passion about teaching mathematics. This year's presentations focus on Mathematical Discourse: Communicating to Enhance the Student-Centered Math Experience. Other advantages to attending OML you can earn 16 PDU's or 1 graduate credit through Southern Oregon University (\$75) E-mail: Cindy.Townsend@octmsecretary@gmail.com, website: <http://bit.ly/OMLCon2018>

SST: ANALYZING TEACHING FOR STUDENT RESULTS (ADMIN TRAINING) | AUGUST 6-8 @ LANE ESD (AND CONTINUING IN OCTOBER AND NOVEMBER) | Analyzing Teaching for Student Results is a 7-day workshop which enables leaders to zero in on high-leverage teaching strategies that impact student learning. Participants will learn and practice using a common language and concept system, further develop their classroom observation skills, and create results-oriented reports and feedback for teachers that are credible and convincing. Visit the Studying Skillful Teaching webpage for additional information <http://bit.ly/SSTworkshops>

August

CULTURALLY RESPONSIVE TEACHING AND PROBLEM BASED LEARNING | AUGUST 6-7 @ LANE ESD | This 2-day research-based interactive professional development workshop is comprehensive educational equity program designed to increase educator knowledge of equitable classroom strategies, cultivate educator attitudes that will enhance student engagement, and modify behaviors that directly improve instruction and student success. Day 2: “Ensuring Equity in Problem-Based Learning” includes The Problem-Based Learning Toolkit, which will be provided to all session participants, reviews key components of PBL; describes how an equitable PBL approach can positively affect students from historically marginalized groups; provides strategies that educators can use to improve their PBL practices to make learning more equitable. Administrators who are interested in attending the workshop may contact Carlos Sequeira at csequeira@lesd.k12.or.us

SST: MODULE 1: THE KNOWLEDGE BASE OF TEACHING | AUGUST 20 @ LANE ESD | This module is an overview of the organization of the knowledge base as it is described in The Skillful Teacher text. This session will include a survey of the 18 areas of performance that a teacher must attend to in everyday instruction. This is a prerequisite for all additional SST trainings. <http://bit.ly/SSTworkshops>

SST: MODULE 2: ESSENTIAL ELEMENTS OF UNIT/LESSON DESIGN | AUGUST 21-22, OCTOBER 17 @ LANE ESD | This 3-day training addresses Planning and Objectives as participants apply planning decisions, articulate mastery objectives, and use five levels of thinking to guide lesson planning. Formative assessment tools, criteria for success, and effective feedback align with planning. Instructional strategies are then designed to ensure student engagement and mastery of content. <http://bit.ly/SSTworkshops>

ELEVATE EDUCATOR EXTERN CELEBRATION | AUGUST 23, 4-6 PM | Upon completion of over 75 hours of professional development this summer, participants of the Elevate educator externship will present and celebrate their successes. sst/index.html Contact : mahearn@lesd.k12.or.us or emaloney@lesd.k12.or.us

STEM: NIGHT AT THE EMS | AUGUST 27, 4-9 PM @ PK PARK | Come join Lane STEM at the Eugene Emeralds baseball game to celebrate a night of baseball and science, technology, engineering and math! For more information, contact: info@lanestem.org
