HIGH EXPERTISE TEACHING MODULE 1: THE KNOWLEDGE BASE OF TEACHING | OCT 18, 8:30AM-3:30PM @ LANE ESD: This module is an overview of the organization of the knowledge base as it is described in The Skillful Teacher text. This is a prerequisite for all additional HET trainings. Sign up at <http://www.lesd.k12.or.us/sst/index.html> For questions contact moakes@lesd.k12.or.us.

HIGH EXPERTISE TEACHING MODULE 5: USING PRINCIPLES OF LEARNING TO MAXIMIZE STUDENT ENGAGEMENT AND ACHIEVEMENT: | OCT 23, 8:30AM-3:30PM @ LANE ESD: How can we design learning experiences to maximize student engagement and increase the rate and durability of learning for students? This is the focus question for a one-day exploration of twenty-four research-based principles of learning that can be applied to and embedded in everyday lesson design. Module 1 is a prerequisite for this class. Sign up at <http://www.lesd.k12.or.us/sst/index.html> For questions contact moakes@lesd.k12.or.us.

CTE PROFESSIONAL DEVELOPMENT | OCT 24, NOON-3:30PM @ LCC: Professional Development for High School teachers in the areas of Graphic Design and Natural Resources. Contact svogel@lesd.k12.or.us for more info.

COMPUTER SCIENCE REGIONAL ADVISORY MEETING | OCT 25, 4PM-5:30PM @ EVEN HOTEL IN EUGENE: Educators and industry representatives working together to create a shared vision for Computer Science education in Lane County will have their first meeting of the 2018-2019 school year. To participate or for more information, contact Heidi Larwick @ hlarwick@lesd.k12.or.us.

CAREER EXPLORATION EXPO | OCT 25, 9:30AM-3PM @ BOB KEEFER EVENT CENTER: Middle school students from across Lane County will have the opportunity to meet and ask questions of 50 business representatives from a variety of industries in Lane County. Meet at Bob Keefer Event Center. For more information go to <https://goo.gl/HyJ9ky> or contact lgray@lesd.k12.or.us.

NOVEMBER

STEM/CTE EQUIPMENT WORKSHOP | NOV 1, 4PM-6PM @ LANE ESD: For any Lane County teacher (K-12) that would like to learn how to use the STEM & CTE equipment that Lane ESD has available for check-out, this workshop is free and open to everyone! For questions contact svogel@lesd.k12.or.us.

HIGH EXPERTISE TEACHING MODULE 2A: ESSENTIAL ELEMENTS OF PLANNING AND LESSON DESIGN | NOV 7, 8:30AM-3:30PM @ LANE ESD: This 3-day training addresses Planning and Objectives as participants apply planning decisions, mastery objectives, and use five levels of thinking to guide lesson planning. Formative assessment tools, criteria for success, and effective feedback align with planning. Module 1 is a prerequisite. This module continues December 6 and January 23. Sign up at <http://www.lesd.k12.or.us/sst/index.html> Contact moakes@lesd.k12.or.us for more info.

WEB ACCESSIBILITY PRINCIPLES AND PRACTICES | NOV 7, 9AM-5PM @ LANE ESD: In this one-day workshop, WebAIM, a leading authority on the topic, will teach web accessibility principles and fundamentals, as well as provide hands-on training for creating accessible materials using Microsoft Word and Adobe Acrobat. If you create and/or post content on your school or district website, this is a critical and valuable professional development opportunity. For more information, email it@lesd.k12.or.us. To register, go to <http://www.lesd.k12.or.us/webaim>.

NGSS PROFESSIONAL DEVELOPMENT | DATE/TIME TBD @ LANE ESD: Teachers will be introduced to the three dimensions of NGSS as well as use the NRC framework and STEM Teaching Tools to build an understanding of the instructional shifts integral in implementing NGSS standards. Course content is a version of the Oregon Science Project modules. Contact mahern@lesd.k12.or.us for more information.

SAVE THE DATE!

HIGH-EXPERTISE TEACHING MODULE 4: HIGH EXPECTATIONS TEACHING | DEC 4, 8:30AM-3:30PM @ LANE ESD: In this 3-day module participants will investigate how our beliefs about ability influence our behavior and the messages we send to students about their intellectual capacity. We will also examine the opportunities to influence student confidence and conviction that each has plenty of ability to learn rigorous material. Module 1 is a prerequisite for this class. This module continues January 22 and February 12. Sign up at <http://www.lesd.k12.or.us/sst/index.html> For questions, contact moakes@lesd.k12.or.us
